- Try to ignore the person but tell an adult.
- Block and delete the person.

Our Online Safety Rules as Outlined in our Acceptable Use Policy

I will use school ICT equipment for school work and not to upset or be rude to other people.

I will always use what I have learned about Online Safety to keep myself safe and will tell a teacher if something makes me worried or unhappy.

I will only use the usernames and passwords I have been given and I will keep them secret.

I will tell an adult if I can see a website that is inappropriate.

I will take responsibility for my own use of all computing equipment and will use it safely, responsibly and legally eg I will make sure that my work does not break copyright.

The internet is great because:

- You can learn lots of things.
- You can have lots of fun.
- It can help you with your school work.
- You can stay in touch with friends and family.

Some online dangers include:

- **Online or cyber bullying**—saying unkind things by text, e-mail or online.
- **Stranger danger**—some people, who we talk to online, we don't know, so they are strangers.
- **Bad language**—sometimes when we are online, we can hear words that might upset us.
- **Content online**—some of the things we might see online are not suitable for us to look at.

Who can I tell if something online upsets me?
