

Grapheme Spotter

Read the following passage. How many words with a 'y' suffix (pronounced as 'ee') can you spot? Fill them in on the table below.

As Jimmy crept silently into the creepy castle, he noticed a bony skeleton in the corner, slimy green marks on the walls and a scary spider scuttling across the floor. He jumped as he felt a spiky nail jutting out of the wall behind him. Jimmy made his way into the next room, across the stony floor, where he spotted a shiny suit of armour glinting at him. The room was smoky and lit with a red and orange fire.
