In English this term through our Talk for Writing work we will be exploring poetry, discussion texts and debates.

In our guided reading lessons, we will be working on our inference and deduction skills. Through our Eng-

lish work we will develop our knowledge of spellings, punctuation and grammar (SPAG), and we will work on our use of a cursive script in handwriting practice.

Maths

In maths we will be continuing to measure using different standard units. We will also work on a range of number and practical problems involving decimals, multiplication, division.

Although we will be practising our multiplication facts in school, the quicker the children can recall these facts, the easier they will find the whole maths curriculum. Please encourage your child to practise these at home. Thank you.

Our science topic is 'Which wild animals and plants thrive around South Derbyshire?' and we will be learning about living things & their habitats. Spelling Shed and Interactive Resources

Your children should be already familiar with the wonderful resource, Spelling Shed.

Every week, your child's class teacher will set spelling games linked to your child's weekly spelling objectives and children are encouraged to play on these games, to help them to learn their weekly spellings (as this is an important part of their curriculum work).

Log in names and passwords and the website link (and a QR code) are glued in your child's learning diary. The website is <https://play.edshed.co/login>

Every Tuesday, Miss Marriott/Mrs Appleton will look at the weekly spelling scores and a prize will be given to the child who has earned the most points in the last seven days.

May I also take this opportunity to remind you that we use Interactive Resources, a maths website, to teach maths in school, and your child's class teacher will update your child's class area regularly with games linked to their current maths objectives. The username and password for this website are both ep-pupil. The website is <https://www.interactive-resources.co.uk/> Please encourage your children to play the games on this website, to help them with their maths work.

Please look out for links to various games and websites on Sparrowhawk's class page on the website, to help your children with their learning.

Grammar

Some of the areas we will be looking at this year are:

Revisiting **nouns, verbs, adjectives** and sentence structure. We will also encourage the children to expand their **vocabulary**, often through a broad choice of reading matter. The children will work with **punctuation and conjunctions**, and will be expected to apply these skills in all their writing.

We will continue to add **adverbials of time** [for example, later] and **place** [for example, nearby] .

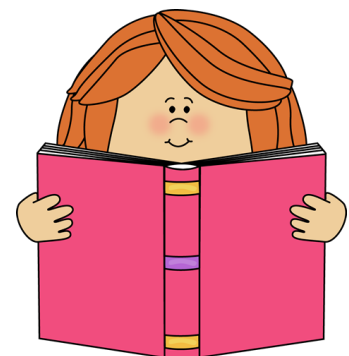

The difference between vocabulary, typical of **informal speech** and vocabulary ap-

propriate for **formal speech** and writing [for example, find out – discover; ask for – request; go in – enter]. How words are related by meaning as **synonyms** and **antonyms** [for example, big, large, little].
